

ADOPT FIRE STATION 71

Dear Member Organizations of Adopt Fire Station # 71,

Thank you to our membership which has been so supportive of the firefighters at our station at Beverly Glen and Sunset. Over the past 18 years, we have raised enough money to give the station many of the amenities that the City of LA does not provide. You are the neighbors who contributed over the years and our firefighters are the beneficiaries of your contributions.

We are thankful to our firefighters who rush to us in an emergency whether it be health or fire related. Their home-away-from home is the station where they often spend days on-call. The "Adopt" program has provided new equipment that makes the station work more safely & efficiently, as well as household items that make their daily lives more comfortable and home-like.

The Board thinks it's important that you know the great results of our fundraising efforts. Most communities have never formed an "Adopt" program and most fire stations are not as fortunate to have neighbors who are so generous.

Over the years, our contributions have included:

- major electrical panel work
- 6 recliners each year (2003 and 2014)
- automatic driveway entry gate system
- several light fixtures
- new washing machine
- computer
- patio materials and furnishings
- new refrigerator
- room dividers for privacy in their dorm

- a new tool room
- tools new cabinetry in tool room
- carpeting throughout
- large screen TV
- blinds for 11 windows (Computer room and lounge)
- lawnmower engine

Thank you for your help and all that you provide for our first responders, our firefighters at Station # 71.
