

**Los Angeles Department of Water and Power**  
**Water Distribution Division**

**Charing Cross and Hilgard Regulator Station Bypass Line Project**  
**Fact Sheet - March 2015**

**Project Description**

The Los Angeles Department of Water and Power (LADWP) will installing approximately 385 feet of 36-inch welded steel pipe along Hilgard Avenue. The steel pipe will have two connections to existing infrastructure at the intersections of Sunset Boulevard and Hilgard Avenue and at Charing Cross Road and Hilgard Avenue. This project is in support of LADWP's Water Quality Improvement Project to meet Federal and State water quality regulations.

**Project Objective**

In relation to the Water Quality Improvement Project, LADWP will be removing and/or covering all open reservoirs. The Upper Stone Canyon Reservoir located in the Beverly Glen area currently services the adjacent communities and UCLA campus. The proposed bypass line will provide redundancy in the system and supplement the water loss in the removal of the Upper Stone Canyon Reservoir. Additionally, the new bypass line will assist LADWP in planning and construction of future Water Quality Improvement Projects to take Upper Stone Canyon Reservoir out of service to install a new floating cover.

**Project Limits**

Please see attached Project Construction Map.

**Project Schedule**

Construction along Hilgard Avenue will occur in three phases as shown on attached sketch.

<u>Work Area</u>	<u>Scope</u>	<u>Dates</u>
1	Hot tap connection to the Stone Canyon Trunkline at the intersection of Sunset Boulevard and Hilgard Avenue.	6/17/15 - 8/22/15
2	36-inch steel pipe installation along Hilgard Avenue.	8/23/15 - 9/19/15
3	Connection to existing 36-inch Trunkline on Charing Cross Road and Hilgard Avenue.	9/21/15 - 1/15/16

## **Traffic Impacts**

LADWP will install LADOT approved traffic control plan for each dedicated work area. Access will be maintained for residents of the neighboring communities.

## **Notifications**

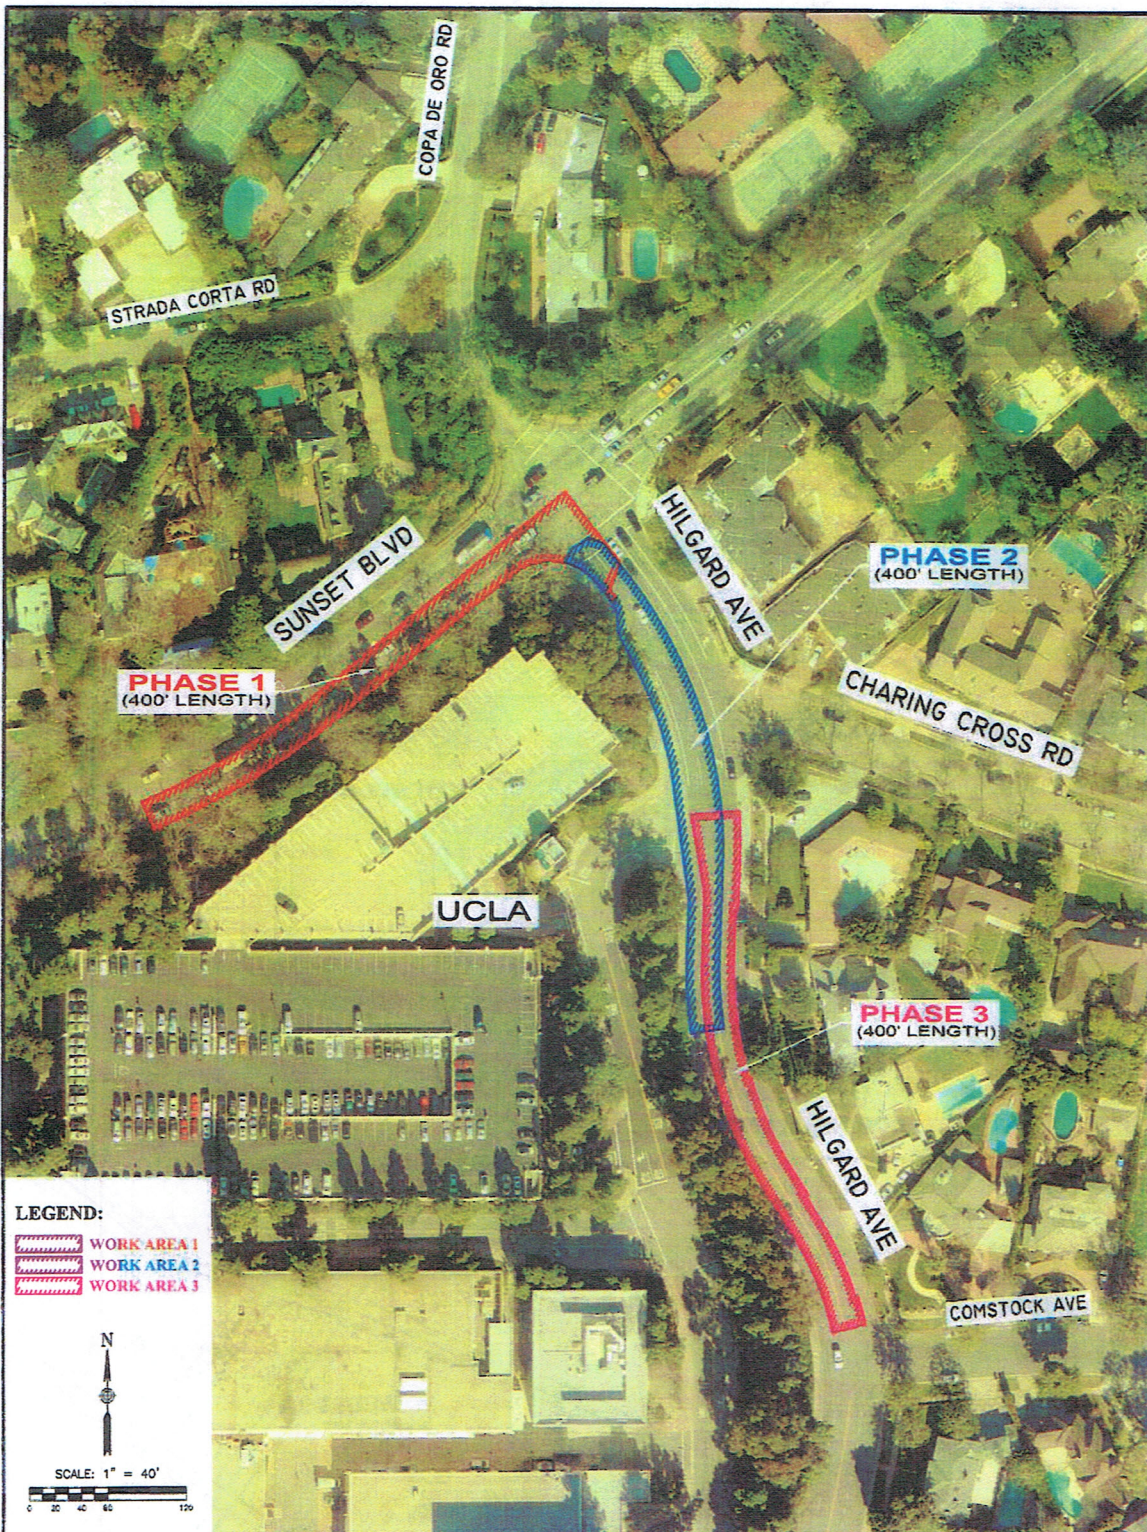

Residents and UCLA will be notified of the construction progress. Community meetings will be held prior to the start of construction.
