AND DOG-WALKING-

Two sisters: one, a recent high school graduate, and the other, a college junior. Need someone to watch your kids when you go out? Need someone to walk your dogs when you go away or are out of the house all day? We have previous babysitting experience, with very satisfied parents, AND we live in the neighborhood!

We drive. We love all pets. We cook. We clean. We are responsible, but will also have fun with your kids! We have our own 2 rescue dogs and know all about caring for animals!

We can babysit alone or together...for double the care and double the fun!!
