**Re: Holmby Park attendant: Victor Roberts**

Dear Mayor Garcetti and Councilmember Koretz;

Holmby Park, located in the Holmby Westwood/Holmby Hills community of Los Angeles has a very loyal and active population of users and a volunteer Holmby Park Advisory Board. Bob Davis, an employee in the golf division, was recently transferred to the Venice area and a new person by the name of Laura has replaced him.

For unknown reasons, Laura has notified our dearly beloved Victor Roberts that he will be sent to Penmar Golf Park beginning March 20, 2016. Victor has been on the job at Holmby Park for the past eighteen years where he has, on a daily basis, greeted a close community of users including walkers, runners, lawn bowlers, golfers, dog owners, dogs, and children and their families.

We are appalled that someone who has provided excellent service in keeping our park beautiful, functional, and enjoyable for everyone would, after 18 years, be relocated. He is respected by all and a good friend to many.

The community does not understand the rationale for his transfer and we are asking you to use your authority to rescind this unjust transfer which appears to be completely unjustified. Holmby Westwood property owners surround this park on every side and care deeply for our park attendants who have become our friends and kept Holmby Park one of the most beautiful in Los Angeles.

We strongly request that Victor Roberts' transfer be withdrawn.

Thank you,

Sandy Brown  
President, Holmby Westwood Property Owners Association
