

GREENING HOLMBY WESTWOOD

March 30, 2019

Dear TreePeople,
On behalf of the Holmby Westwood Property Owners Association and the Holmby Westwood Green Team, we express our appreciation for TreePeople and its Urban Forestry team.

Our Holmby Westwood Green Team has been inspired and engaged by TreePeople's support and collaboration. With TreePeople's help we have planted 26 trees since January and will plant nearly 300 more in the coming years. We have 6 trained Citizen Foresters and hope to double that number this year. TreePeople is helping us rebuild our tree canopy while we build friendships and neighborhood unity.

Our neighborhood association makes this gift of \$1500 to TreePeople in thanks for your mission, your expertise, your partnership and your people. We are enormously grateful and look forward to years of work together.

Sincerely,

Kathryn Welch Howe
Co-Coordinator
